

Instant Savings on Electric Vehicles

Get **\$1,500 off** your EV purchase or lease today

Charge Up New Jersey offers state residents a “cash-on-the-hood” incentive. You can enjoy the many cost-saving and environmental benefits of driving electric plus the high-tech, high-performance experience electric vehicles (EVs) deliver.

Learn about EVs

Which EV is right for you?

A variety of new **battery electric vehicles (BEVs)** are eligible. BEVs offer all-electric driving, zero tailpipe emissions, lower fueling costs and far less maintenance.

Eligible Vehicles

How much can you save?

New Jersey residents can receive a **\$1,500** incentive for eligible vehicles with an MSRP of up to \$55,000. Income-eligible residents who prequalify online can receive an increased incentive. Visit chargeup.njcleanenergy.com for more details.

Eligibility Guidelines

How does it work?

At a new car dealership or showroom, you will only need a valid **New Jersey driver license**, or if you are an active duty military member stationed in NJ you will need current military orders as proof of state residency. Your dealer will submit all of the required paperwork.

With over 30 EV models available in all price ranges, as well as incentives and fueling options that save you time and money, there's an EV for everyone! Join more than 60,000 New Jerseyans who have saved thousands on their new EV!

Maximize EV Savings with Charge Up+

Income-qualifying customers can save **\$4,000**

Charge Up+ offers an increased incentive of \$4,000 to prequalified New Jersey residents to make going electric more affordable.

Eligibility Guidelines

Who is eligible?

To qualify for the Charge Up+ incentive, New Jersey residents must have a **modified adjusted gross income** that does not exceed:

- \$75,000 for single tax filers.
- \$112,500 for head of household tax filers.
- \$150,000 for joint tax filers.

Applicants enrolled in certain public assistance programs may also qualify.

Eligible Vehicles

How much can you save?

Income-qualifying customers can receive a **\$4,000 incentive** for eligible vehicles with an MSRP of up to \$55,000.

With over 30 EV models available in all price ranges, as well as incentives and fueling options that save you time and money, there's an EV for everyone!

How to Apply

How do you apply?

Applicants must prequalify prior to ordering, purchasing or leasing an EV. To prequalify, create an account online and upload your income verification documents.

If approved, you'll receive a prequalification ID you can take to the dealership to apply the incentive at the point of sale.
